The Ocean Reef Community Foundation has announced its support for Habitat for Humanity of the Upper Keys (HfHUK) with a \$50,000 grant designated for the upcoming Poinsettia Drive project located in Key Largo.

The Poinsettia Drive project, consisting of 4 affordable housing units, will commence in summer 2024 and aims to address affordable housing solutions in our community. Each unit consists of 3 bedrooms and 2 bathrooms. HfHUK is able to accelerate its efforts in building homes with the support of the Ocean Reef Community Foundation Grant.

"We are immensely grateful to the Ocean Reef Community Foundation for their steadfast commitment to improving the quality of life for families in the Upper Keys. The foundation's support exemplifies their dedication to creating positive social change and building a brighter future for all," said Lindsay Fast, HfHUK executive director.
